

The PAC Battle is On!

Help us WIN in Washington and Keep Our Offices and Benefits

Greetings fellow NAPUS members. The Political Legislative train is barreling full speed ahead in Washington DC. The Postal subcommittee approved the flawed bill HR2309, the Issa-Ross postal package, this is the bill without bipartisan support. S1789 bill was a bipartisan effort by the Senate Homeland Security and Govt. Affairs Committee and has 2 NAPUS-promoted Senate amendments that were fashioned with our input. Postal Investment Act of 2011 and the Moratorium on Post Office closings till May15,2012. This is what your Pac dollars for 2011 have been used for. More than ever, every Postmaster needs to support PAC with their contributions. All one needs to do is check the Napus.org website to realize the urgency of our mission. It is our responsibility to educate and inform members of Congress on issues that are important to Postmasters. Bipartisan Congressional support and strong favor from our broad Postal community is needed to defeat HR2309 and any other detrimental proposals. Pac contributions are used to gain that support. PAC money is not used for the operation of NAPUS. It's used to elect our friends and defeat our enemies and yes, our enemies are growing in number and strength. The benefits we enjoy today were obtained through the work of Napus and Napus PAC. Whether stopping office closings or securing and retaining affordable health and retirement benefits, PAC money is there - working for all Postmasters.
