How will the Scholarships be awarded? The committee's recommendation need not be governed by need alone. Each applicant should be judged individually, taking into consideration the factor of ability, proven performance, the sincerity of purpose and the need of cultivation of the applicant's initiative and ambitions.

How are the Scholarship applications judged? There is a great deal of effort put into maintaining the integrity of the Scholarship program. The Scholarship Chairperson selects 4

Judges from various areas of the state to judge the submitted applications. Only the Scholarship Chairperson and the Scholarship Coordinator know who the Judges are. These Judges cannot adjudicate the application of a relative. The packet of Scholarship applications to be judged is mailed by the Scholarship Coordinator to Judge #1. Judge #1 then returns his/her ballot rating the applications in the order he/she prefers. The Scholarship Coordinator then mails the application packet onto Judge #2 and so on until all Judges get an opportunity to review and rate the scholarship applications. Once the applications have been circulated through all of the judges, the ballots are tabulated by the Scholarship Coordinator, and the complete packet is forwarded onto the Scholarship Chairman for review and notification.
